QUERY: What is the main focus of the Community Spotlight?

RESPONSE: The Community Spotlight highlights the efforts of the Community Health Council of Wyandotte in connecting residents to affordable care through the Affordable Care Act. It features Molly Moffett, Program Coordinator for the Council, who encourages people to first go online and apply, while also mentioning the availability of financial assistance and the importance of utilizing this period of enrollment.

### Community Spotlight

**Community Health Council of Wyandotte connects residents to affordable care**

by Jamal Jarrett

A large chunk of our population depends on the ACA for affordable healthcare,” said Molly Moffett, Program Coordinator for the Community Health Council of Wyandotte County. Moffett passionately works with WyCo residents who need assistance with acquiring health insurance through the Enroll Wyandotte Initiative.

In recent years, WyCo has seen an increase in people utilizing this period of enrollment. But before residents go online and apply, Moffett encouraged people to first speak to a trained Certified Application Counselor, such as herself. They will help guide residents through the process and explain all the health plan options so clients can choose one that meets their specific needs. “Financial assistance is available, and a lot of people qualify for it – some for even as low as $50,” said Molly.

To make an appointment with a trained Certified Application Counselor of the Community Health Council, call 913-735-9008 or visit wycohealth.com/enroll-wyandotte. To independently complete an application for healthcare coverage, visit healthcare.gov or call 800-318-2596.

### Feed-a-Family seeks donors and volunteers for Thanksgiving baskets

The Rosedale Development Association is preparing for its 32nd annual Feed a Family event where 35 nominated Rosedale families will receive food assistance for Thanksgiving dinner and warm winter wear. Donations will be accepted from October 11 through November 10 at local businesses, churches and the RDA office. RDA welcomes monetary and in-kind donations, such as non-perishable food, household items and new or gently used children’s winter wear of all sizes. The cost to sponsor a basket for a family of five is $50.

Donations of any amount, however, are appreciated and will be used to purchase items such as hams, turkeys, and winter coats.

**Volunteers work hand-in-hand to assemble and distribute Thanksgiving baskets to neighborhood families.**

### Kansas City Board of Public Utilities plans Rosedale Area Reliability Project

Housing and commercial growth in eastern Rosedale prompted BPU to begin the Rosedale Reliability Project, an effort to replace the current substation with a new, higher-capacity model that can route reliable, updated energy service to the growing community.

David Mehlfahr, BPU’s Chief Communications Officer, described the project further, saying, “BPU’s Rosedale Area Reliability Project will upgrade existing transmission lines from 69 kilovolts (kV) to 161 kV. We also plan to replace the Fisher Substation, which has been in service since 1972, with a new substation, named the Rosedale Substation, that can accommodate the higher voltage transmission lines. Additionally, BPU will construct a new 161 kV transmission line that will run from the new Rosedale substation to the existing Armourdale Substation.”

Some elements of the current substation, located west of Fisher Park, are over 65 years old. BPU and consultants from Burns and McDonnell have solicited initial input on the project from the Mayor, several Commissioners, representatives of the University of Kansas Health System and the University of Kansas Medical Center, and neighborhood group leaders. Two public meetings for additional input will be held in November, during which consultants will present a complete routing study showing the planned locations of all new transmission lines.

The location of the planned substation has been a frequent topic of discussion during the Rosedale Master Plan process as well as the ongoing University Town planning process. The Rosedale Master Plan calls for further investment in Fisher Park and the Rosarks nature trails and envisions expanding the park into the area currently occupied by the substation.

At public meetings, community members have repeatedly emphasized the need for the location of the new substation to support these priorities. “These much-needed improvements will allow us to better accommodate local power users, retire aging utility infrastructure, and support future development and growth in the Rosedale area,” Mehlfahr said.

### The Rosedalian

**Christmas giving dinner and warm winter wear of all sizes. The cost to sponsor a basket for a family of five is $50,” said Molly.**
Show your community pride with a Rosedale Arch Club membership
by Alissa Workman

This summer, RDA launched the Rosedale Arch Club to recognize the important role that residents, businesses, and institutions in Rosedale and the surrounding regions play in supporting RDA’s community work. RDA wants to make membership in the Rosedale Arch Club accessible to the diverse range of folks who call Rosedale home, so that as many neighbors as possible are invested in the work and take pride in all of the great things Rosedale has to offer. Thus there is no minimum gift requirement to join. Rosedale Arch Club membership is available with a donation of time (volunteer), talents (endorse expertise), and/or resources (donation suitable to one’s means) to support RDA’s mission. RDA is proud to welcome these new Rosedale Arch Club members:

Alistair Tutton Photography
Antonette Ferguson
Ashon Wells
Becky & Bryan Welch
Deanna Wardlow
Ida Pullam
Jane & Louis Wetzel
Jessie Ruiz
Jim & Virginia Chiles
Joanne Greer Shoup, in memory of Jennie Lee Geer
John Mendez & Mary Gonzales
Joy Winter
Kathleen Vanbecelaere
Ruth Kunakohvu
Steve Reynolds
Theodis & Lillie Greer
Theresa & Mike Cummings
Von May
Thank you to each of you for supporting your community and the mission of RDA!

Shop locally: your Rosedale holiday shopping guide
by Emily Xiong

Autumn is the most wonderful time of year . . . to shop in Rosedale. Residents seeking gifts do not have to travel far. From 18th St. Expressway to the west to State Line Rd. to the east, Rosedale holds hidden gems for loved ones of many persuasions this holiday season. As you make gift lists and check them twice, consider options that give back twice. Shopping locally not only inspires creative giving but builds a robust Rosedale economy, too. Here are some local resources to jumpstart your holiday shopping:

• For handy, fix-it folks, stop by Strasser Hardware for special holiday sales or gift an auto care package to Boulevard Tires & Service.
• For cuisine connoisseurs, purchase gift cards from Taco Republic, Rosedale BBQ, 1889 Pizza Napoletana, Dogwood Cafe, Joe’s Kansas City Bar-B-Que, or Gus’s World Famous Fried Chicken.
• Who does not love a taste of Rosedale? For fitness fanatics, visit Dynamic Discs for a fun disc golf starter package or gift an economy, too. Here are some local resources to jumpstart your holiday shopping:
  • For handy, fix-it folks, stop by Strasser Hardware for special holiday sales or gift an auto care package to Boulevard Tires & Service.
  • For cuisine connoisseurs, purchase gift cards from Taco Republic, Rosedale BBQ, 1889 Pizza Napoletana, Dogwood Cafe, Joe’s Kansas City Bar-B-Que, or Gus’s World Famous Fried Chicken.

Volunteers come together to repair homes in Rosedale by Nicole Fitzgerald

This October volunteers from the University of Kansas Health System, the University of Kansas Medical Center (KUMC), and skilled members of the International Brotherhood of Electrical Workers joined forces to repair four homes in Rosedale in partnership with Christmas in October and RDA.

Rosedale business Deco Catering generously provided a healthy lunch to keep up volunteers’ energy. Determined volunteers replaced a large section of a roof, rebuilt a fence, installed gutters, tore out and rebuilt water-damaged walls, resurfaced a damaged concrete porch, and more. Most of these repairs were too major for one group or organization to tackle alone, but by combining resources the groups were able to conduct much more extensive repairs.

Reflecting on this year’s turnout, RDA’s Executive Director, Erin Stryka, says, “I am constantly amazed by how consistently our volunteers show up to serve their neighbors.” In particular, University of Kansas Health System employees and KUMC students have demonstrated their commitment to the Rosedale community with 91 hospital employees and medical students signing up to volunteer on minor home repair projects this year. Christmas in October, which brings volunteers and communities together to improve the homes and lives of low-income elderly, disabled, and veteran homeowners has partnered with RDA and the University of Kansas Health System for many years to better serve Rosedalians.
