TO ALL AREA EMPLOYERS

Project HIRE at Kansas City, Kansas Community College, has a large number of students looking for employment in either Wyandotte or Leavenworth County. These people represent individuals trained in a variety of disciplines who are looking for either full or part time employment. They would like to help you find qualified individuals to fill any job openings that you might have.

If there are no qualified applicants among their students or community residents who use the services of the Career Center, your job opening will be posted on the Project HIRE computer, so that 12 other community colleges and vocational schools in the greater KC area will have access to the information.

For further information, call Linda Wyatt at 334-1100, ext. 243.

Good luck!

SIGNS OF SPRING IN ROSEDALE

Before too long, the roses at Shoney's should be blooming, signaling the first growing season of those planted as part of the Rose Project. Many other bushes will be planted throughout the community over the next few months.

As soon as the ground has softened the city traffic department will also be planting stakes to use for placement of several signs which say "Welcome Rosedale Community." These signs were made by Sam Hashim of Sam's Signs on the Boulevard, and should be a definite asset to designating our community. Look for them in the following areas: 39th Street, 43rd Street, and Southwest Blvd, at the State

Line, 7th Street at the Kaw, and 47th Street at Rainbow Blvd. Let us know what you think.
