

UNIQUE NATIONAL EVENT COMES TO ROSEDALE PARK

Disc (frisbee) golf was born in 1974 as a recreational sport for all ages and genders. Disc Golf is played similarly to ball golf, only a frisbee, or disc, is used. The object of the game is to throw the disc into a Disc Pole-Hole, a metal chain and basket target. The winner completes the course in the fewest number of shots.

Rosedale Park will serve as a regional tour stop for the Professional Disc Golf Association, with the highest finishers qualifying for the World Disc Golf Championships in August, 1987 in Toronto, Ontario, Canada. The tournament is scheduled for Saturday and Sunday, April 25-26, from 10 AM to 5 PM. The Association has commitments for play from some of the country's best players from Kansas, Missouri, Oklahoma, Colorado, Nebraska, Illinois, Iowa, Arkansas, Texas, and Arizona.

The Kansas City Flying Disc Club would like to find sponsors for this event, returning all donated moneys to the players in the form of prize money and trophies, as well as the player package, including: coupons from all sponsoring merchants, an issue of the KC newsletter with information about the club and tournament, with sponsor's logos and ads; and a free T-shirt, disc, or hat.

To help sponsor this national event, or obtain more information, please call Duane Steiner, President-Kansas City Flying Disc Club at (913)441-1743-home or (816)881-6451.

ROSEDALE RECORD ARRIVES IN ROSEDALE AREA

Beginning on Wednesday, April 15, keep your eyes open to a new newspaper which will begin distribution in the Rosedale area. The Rosedale Record, published by the publisher of the Record in the Argentine area will appear on your doorsteps and in area stores. The Rosedale Record will come out once a week and begin with 8-12 pages, with circulation of 5500 copies at first. The Argentine paper has shown phenomenal growth over the last year, and publisher Jon Males hopes to see similar growth in the Rosedale paper once it becomes well established. A unique aspect of both publications, is that Males does not have a reporting/writing staff, preferring to have community individuals and civic leaders provide the news and opinion items that they think have importance to the particular area. The RDA has provided some initial leads on possible sources for this type of writing, but Males will gladly welcome anybody else's ideas as well.

So, all of you closet writers out there-here's your chance. For those of you who know all the scoops about what's happening in Rosedale, here's another place to share such information. Here's a place to publicize community events and concerns, as well.

Call The Rosedale Record at 362-1988/1989. Help make this a true community newspaper.

Dear Ms. Gray:

This will confirm our telephone conversation of March 24, 1987.

The work on I-35 between I-635 and to just north of the bridge over Southwest Blvd began on February 18, 1987. The work will consist of patching, overlaying, addition of a lane, rebuilding the northbound bridge over Mill St. and the widening of the bridges over Roe and Southwest Blvd. This is a preliminary project that will provide for traffic during the actual reconstruction of I-35 at a later date.

To rebuild the northbound bridge over Mill St. it is necessary to carry northbound traffic on two (2) of the southbound lanes through this construction area. The southbound roadway of I-35 at Mill St. will only accommodate four (4) lanes. These four (4) lanes are needed to carry two (2) lanes of northbound and two (2) lanes of southbound traffic. For this reason the on ramp from Southwest Blvd will have to remain closed.

By contract the contractor will be completed with all work by November 15, 1987 and at this time the ramp will be re-opened. If the contractor should complete the work ahead of schedule the ramp will be opened as soon as feasible.

I hope I have addressed all the questions that arose during our conversation. If I can be of further assistance please feel free to call me at any time.

Very truly yours,

R. L. Harvey
Area Construction Engineer

ROSEDALE FESTIVAL ON SATURDAY, JUNE 6

Make plans to attend the Festival in Rosedale Park, now. Stage entertainment will include dancers, child acrobats, singers, musicians and a host of guest MCs for your viewing and listening pleasure. Bingo games will run all day, courtesy of the Newton-Davis VFW. You can see demonstrations of Frisbee golf, BMX bicycle tricks and familiar characters wandering through the Festival grounds, such as the KU J-Doc, Taco John's taco man, and clowns. You may join in on a volleyball game, or dunk a dignitary in a tank of water. Have free health screenings, listen to public library storytellers, stroll through the petting zoo, or get your face painted. You'll find plenty to eat and drink and your choice of souvenirs-ball caps, visors or frisbees with Rosedale printed on them in bright green.

Join the fun and make some of your own by attending the Second Annual Rosedale Festival on Saturday, June 6. Should the clouds open up on us that day, we will meet at the same place and time(10 AM to 5 PM)on Sunday. Plenty of craft and information booths too. SEE YOU THERE!

SUMMER YOUTH EMPLOYMENT PROGRAM WILL BEGIN IN JUNE

Last summer 4 youths and an adult supervisor worked throughout the Rosedale area to paint houses and clear/mow lots of residents on fixed or low incomes, as well as elderly residents. The Rosedale Development Association will again sponsor this program and needs your input as soon as possible regarding potential recipients of such aid for 1987. All individuals applying for this aid(there is no cost to the property owner who falls within the appropriate income guidelines)will fill out some minimal paperwork which includes income and type of need. The youth workers are all above 16 years of age and may paint whole houses, use electric lawnmowers and other yard equipment at their worksites. Our adult supervisor/foreman goes with these workers to each site and oversees all projects. In addition, we are fortunate to have the services of the same gentleman who held this position before, for the 1987 program.

Cost of this program in salaries, insurance, workman's compensation and materials, receives input through the KCK Community Development Department and a state program called the Job Training Partnership Act. The latter pays and insures youth workers, and each sponsoring agency interviews prospective workers prior to their assignment with that organization. The Association would also appreciate suggestions for any Rosedale area youth from low-moderate income households, who might have interest in this six-week work program.

Please call the Rosedale Development Association at 677-5097 for further information, suggested worksites, and participants.

SEVEN WEEKS LEFT TO REACH OUR \$10,000 GOAL

The Rosedale Development Association has raised \$8,300 toward the \$10,000 city match of funds available through June 30th. We hope that our Rosedale Festival will make another large dent in the remaining \$1,700. However, we still need to receive the financial support of the Rosedale community through payment of dues and other donations.

If you intend to renew your membership for 1987, please put it in the mail today.

If you've considered joining the Association for the first time but haven't gotten around to it yet, please don't delay any longer.

If your neighbor has not yet joined, please talk with them tomorrow. (over)
